Report Review	All executive membership presented their written reports.	Ice Coordinator Gina requests a discussion be had prior to next season about extending the team practice times to one hour. There will be an increase in cost if this is decided. Paul suggested we can include this in the survey out to the membership.
Question posed about the numbers for "C" teams vs. "A" players as the numbers were not balanced.	Paul explained that the process is strictly dictated by the numbers of our registrations. This is outlined in regulation 3.6. This suggests what teams we should have based on registrations. If there is a request to have a team at a higher level or lower designated this can be requested and will be reviewed	

	with HNS. This can be adjusted up until December in a typical hockey season.
